

## ALEXANDRA SPYRATOS

### ARTIST STATEMENT

International artist Alexandra Spyratos lives and works from her studio in Byron Bay, Australia and it is from there she travels the world with her art.

Born in Kenya, Alexandra's paintings reflect her passion for the African wildlife and her home country. Her adventurous spirit has taken her on many global adventures. Having exhibited in Kenya, Milan, Australia, Hong Kong, New York, Miami and Uganda, her art is becoming well known for its unique style, bold and textured, working with thick oils, fluorescents, gold and silver leaf.

An expansion of her artistic talents takes her into the decorative field of expansive murals, adorning and creating atmosphere on the walls she paints.
