ARTIST STATEMENT

Painting for me is about breaking out of my own limitations.

Australia is such a vast country so fresh and untamed.

By painting this land I feel a freedom and a connection to it and myself.

We are truly in the land of Dream Time with unlimited opportunities.

My work reflects my observations of the Australian landscape which for me is a journey.

My paintings are a vehicle to take the viewer out of the window and for them to create a journey for themselves.
